

### **Burma Road/Carlsbad - 44 miles**

This is a short ride with some nice curves on the stretch between Arden Road and Carlsbad. There's not much to see but scrubland and ranches till you get to Carlsbad and then back on 87 to San Angelo. No traffic until you get to 87 between Carlsbad and San Angelo.

Good starting point: HEB fuel station 3301 Sherwood Way. Head west on Arden Road. 12 miles after you leave HEB , turn right onto Burma Road. There's only a small sign on the corner identifying it as Burma Road, so be On the watch for it. Follow Burma Road till you get to Carlsbad, where it dead ends into W. Carlsbad Rd. Turn left on W. Carlsbad Rd. and go to US 87. Turn right on US 87 back to San Angelo.

Fuel available: San Angelo, Grape Creek
