

RGC NEWSLETTER

2015 QUARTERLY

LEADERSHIP MESSAGE

RGC CHAIRMAN

Anthony "Ninja Turtle" Cabrera

Greetings RGC!

I hope that this summer has treated you and your families in the best ways possible! Down here in South Texas, the weather has been unusually hot but I hope that the rest of the RGC endured wonderful riding weather.

Please allow me this opportunity to welcome back our newest Chapter, Texas 37 out of Eagle Pass, Texas. With Lucas Saucedo as the newly elected president, I trust that this chapter will continue to flourish for years to come!

I am still working with our fellow law enforcement officers in San Luis Potosi, Mexico; to form Mexico-I. It has been a grueling process but I hope that everything will work out before the end of the year.

Just a reminder that Texas 31 will be holding a hospitality area for any Blue Knight wishing to come and partake of the Lone Star Rally in Galveston, Texas - November 5th, 6th, 7th and 8th. Come join us and have a blast with great people, great food and a great time!

Please let us know if there are other events in your neck of the woods, you never know, I just might be there!

Another project in the works is a Texas license plate with the Blue Knights Crest embossed on the plate. There is a multitude of red tape that we are going through in order to make this a reality for our members who have been asking about it. The proceeds of the plates will be going to a program that donates Texas flags to the families of fallen Texas Peace Officers; both active duty and retired.

Once a brother or sister in arms has fallen, there is no reason why the family should be forgotten. It is our duty to remember our fallen with our last breath. If you are interested in this new program, please shoot me an email to tx15@blueknights.org to get your name on the list!

As many of you know, I am a competitive shooter in the United States Practical Shooting Association (USPSA), Steel Challenge and 3-Gun Nation.

By no means am I a shooting professional of any kind but I tend to hold my own out on the range. I am happy to report that the very first group of the Blue Knights Shooting Team has taken form!

If you are a competitive shooter in any of the events that I mentioned, or in the International Defensive Pistol Association (IDPA), you too can be a member of the Blue Knights Shooting Team!

As always, it has truly been an honor to serve as your Chairman. Should you feel the need to contact me for any reason, I am only a phone call or email away. See you on the open road!

Ride safe and above all - Ride with Pride.

RGC Chairman
Anthony Cabrera

RGC VICE CHAIRMAN
Larry "El Gee" Green

Brothers and Sisters,

Well, it's that time of year again – **Renewal Time**. Start early to make sure you get your renewals returned to International in a timely manner after receiving them.

Keep in mind that International has been doing membership audits. Please review your rosters carefully and make sure that all of your members are eligible and meet all the requirements; including owning a motorcycle. This is critical, we must police ourselves before International does it for us.

Here in Texas and Arkansas, we still have some good months of riding left. With Fall temperatures slowly approaching, this is some of the better riding weather. It is a great time of year to invite possible members along on rides and events.

The cooler weather and a nice ride is a great combination for recruiting. As I have said many times, the Blue Knights have a lot of LEMC competition these days, so we have to make sure we are out there, being seen, and riding.

If you need any flyers, handouts, etc., please contact me and I will get them to you.

Everyone be Safe and... Ride with Pride!

RGC Vice-Chairman
Larry "El Gee" Green

RGC SECRETARY
Earl "Bulldog" Wade

When wearing your uniform(s) or your Blue Knight Colors, remember, you have a target on your back. Those that wish you harm, they see you so make sure you are watching out for the wolves mixed in with the sheep.

The Holidays are coming quick so if I don't see you till after the Holidays, know I send Happy Wishes to all and hope the Holiday seasons bring only happiness to you and your families.

If I can be of assistance please don't hesitate to call upon me or any of your RGC Executives Officers.

God Bless and Ride with Pride.

RGC Secretary
Earl "Bulldog" Wade Sr.

As the last official day of summer has come and gone, parts of our Club (The Northern Chapters) are getting ready to put their rides to bed for the winter. Here in South Texas, it is just getting to the best riding months of the year. We here, have several good rides coming up where I hope to see many old friendly faces at these events.

I don't really have much to report as the RGC Secretary at this time, but I do want to emphasize the importance of good communication within the RGC. All members need to keep their contact information up to date both with the Chapters and the RGC.

When there is a change in your Chapters Officers, the RGC needs to be sent that updated contact information. Please forward the info to me ASAP after changes are made.

As in my last newsletter, not much has changed with the current politics surrounding Law Enforcement Officers. I have and can only believe that if you do your best and what is right, you will always stand in the light of good. But with that said, remember there is evil out there that seeks to do us harm. Watch you back and look after each other.

RGC CHAPLAIN
Paul "Chappy" Worley

Dear Fellow Blue Knights,

It appears that the summer is giving way to some better riding weather. My bike is all shined up and ready to go. I expect you are looking forward to the cooler temperatures and blowing the fallen leaves off the road as well.

The change in season does not change the vigilance we must all practice, wherever we may be. Whether active or retired, everyone is aware of the attacks on law enforcement throughout the country. To borrow a couple of military terms, we have to 'keep our heads on a swivel' and constantly 'check our six'. Better still, always have a wingman. I expect that the fame of the Blue Knights is well known among the bad guys. They just hate to see those who stand for good.

While that may sound a bit dire, there are good things going on in the communities in which we live and serve. Citizens that are normally quiet about such things are actively supporting law enforcement. For example, there was a car on one of our main streets in San Antonio with "We support the Police" written on the back window. I see more and more marches and demonstrations in support of LE. There ARE a lot of good folks out there and I am grateful for them.

Last, we know that LE ultimately works for God. The basis of all law comes from Him, as does the authority. I want you to know that I pray for you daily, not only for your safety, but also that when you take to your bike, you will find great joy in the freedom of the road and all the benefits that it brings.

May God bless and protect you and yours, as we continue 2015 and celebrate the holidays that are rapidly approaching.

Ride with Pride!

RGC Chaplain
Paul "Chappy" Worley

RGC Editor
Jackie Goodman

Hello All,

It's time for the 3rd Quarter Newsletter!

This is always an exciting time, learning about all of the news that affects the Blue Knights throughout Arkansas, Texas and soon – Mexico.

Remember that all members are welcome to submit their articles and photos for publication. Don't wait and/or hope that Chapter Officers submit articles that are important to you.

Please remember the recommended submission time for the next Newsletter will be December 29th, 2015. *Later than usual to account for the Holidays.*

Ride with Pride!

RGC Editor
Jackie Goodman

RGC CHAPTER NEWS

Blue Knights TX-I

I have to say that our club has not been as active as we should have been. Several of our members have had some medical and family issues, but things are looking up for the fall riding season. The heat still had an effect on our decisions to ride and I guess that tells a story about the ages we are reaching.

My wife and I took off by ourselves to ride from Ft. Worth to Reno, NV for the International Convention, taking several days to get there with sightseeing side trips along the way. Two other couples from the Chapter trailered their bikes at the last minute to attend and met us there.

Although there were some disappointments with the convention, overall it was a good time. It is always great to visit with old friends from around the world and to greet and catch up with, as far as stories and life. And it is always the perfect opportunity to meet new friends from all over who can open your eyes to new adventures and ideas of travel.

We had great rides to Lake Tahoe, the Fallon N.A.S. where the new "Top Gun" training facility is now located and Virginia City near where parts of the TV show "Bonanza" was filmed.

If you haven't heard yet, the 2016 Convention is going to be in Harrisburg, PA in JUNE and back in Milwaukee, WI in 2017.

Upon our return, part of the “healthy group” took a lunch ride to a small, private airport near Denton to the Blue Hangar Café. It’s not a fancy place but it is an interesting place. They have some photos on the walls of some memorable events in aviation history.

The little café is owned and operated by a former Georgia State Trooper. He had to resign and change careers due to some health issues and moved to Texas. He and his staff are very friendly and serve up a terrific hamburger with a side plate of “Texas Fries” (French fries with sautéed onions and jalapenos covered with some melted cheese).

The fun of this place is watching the small aircraft fly in to land while watching the traffic try to get out of the way while crossing the path near the end of the runway. The planes come in about 10 feet off the ground over the road where the traffic enters to get to the café and some of the hangars.

They Do Mean It!

Words to Remember

Afterwards, a couple of us met with “possibly” some new recruits, for a Labor Day Weekend Ride to Branson, Missouri. Several officers from the DFW International Airport Police planned the ride because one of them grew up there and had family to visit.

We had a great ride up there with roughly a 450 mile day. It started off great with 72 degree weather and then in Oklahoma, just prior to our lunch stop, one of the bikes developed a flat on the rear. We were able to get it patched, on the inside, at a local shop but not replaced. The rest of the day went as planned but it did get a little warm before leaving OK and getting into AR.

Basically all we did was eat and ride instead of trying to see any shows, but we enjoyed each other's company. On the way back however, that same tire on the same bike swelled up with a large bubble and became un-rideable in the same OK town where we had it patched.

Only problem this time was that it was Labor Day, a holiday, and nothing was open. Thanks to friends and family, we were able to get a truck and trailer to haul the crippled steed back to DFW for a proper tire replacement.

Dallas Tollway

Great Chick Fried Steak!

We also had a picnic at one of the member's home with hamburgers and hot dogs; which we hadn't done in quite a while. It turned out to be good time with a perfect weather weekend for an outdoor activity.

In closing, some of our future events we have scheduled are our **Fall Trash Pick-Up** on our 2 mile stretch of local State Highway in Hurst, a **Safety Escort** for a Bicycle Rally in Trophy Club, and assisting the local police with a **group escorted ride** from the Texas Motor Speedway for the annual Pediatric Brain Tumor Foundation Fundraiser. (We always get to ride around the track at the end of the procession and pose for photos).

I'm anxious this year to see what we might do on Halloween since the holiday falls on a Saturday this year.

If you haven't heard about it yet, Blue Knights Texas XXI is hosting a fundraiser, Carnival Cruise for the Ellis County Children's Advocacy Center, February 20th – 27th, 2016.

The cruise will be from Galveston, TX and will go to Honduras, Belize and Cozumel. For more details and booking information, contact DG Promotions at 817-800-4510. Would love to see the ship covered in "BLUE!"

Gene Fuqua
BKTX-I

Blue Knights TX-IV

In mid-August, TX-IV, TX-XII and TX-XXV once again rallied to support the San Antonio Family Support Association's – Back to School Health & Wellness event.

State Senator Jose Menendez also attended and rode his motorcycle to the event with the Blue Knights. Other attendees were Bexar County Sheriff Susan Pamerleau, Deputy Police Chiefs from the San Antonio Police Department, as well as other government officials who were gracious enough to attend this popular neighborhood event.

We were able to present over \$ 500.00 worth of backpacks and other school supplies to needy children. In addition, Chapter IV came in on a personal challenge from our former Chapter president and collected an additional \$ 1,000.00 for Family Service. This donation will be used to purchase school uniforms for needful families. This was one of those "feel good" adventures that we all enjoy.

TX-IV President Ben Reisz
Presents "Challenge Check"

9/11 Memorial Stair Climb By Ben Reisz

On the 11th of September, every year, Texas Chapter IV member, TABC Officer Tim Reilly, dons his leather vest, Scottish kilt, heavy socks and all; to do the 9/11 Memorial Stair Climb at the Tower of the Americas in San Antonio.

For the average person, the reaction is "What were you thinking?" For the police and firefighter participants, it was the opportunity to honor the fallen and to take back the space where their comrades lost their lives.

As usual, Tim shows up early to help and assist with the registration process. There is no entry fee, although participants are asked to make a donation to the honored charity. This year it was for San Antonio burn victims. (Other civic organizations and corporations also donate to the cause).

Climbing this tower is not for the faint of heart. Texas temperatures that day were in the triple digits, with 90% humidity. Inside the 750 foot tower are 910 stairs on each side of the tower. Next to the entryway to the tower is a display bearing an actual piece of the World Trade Center. Each participant touches the piece as they enter the tower.

The object was to travel up and down the stairs as fast as possible – twice. The stairwell is not air conditioned and there is little meaningful ventilation in the staircase, and it gets particularly warm once 600 sweating bodies are stuffed into that tube. Several Firefighters fell out during the second half of the climb, but other climbers buoyed each other and/or carried their gear to the top.

Firefighters were wearing their bunker or turn-out gear, with SCBAs. Police & Military personnel were in uniform with all of their duty gear, with some carrying M-16's or AR's – without the magazines.

Our Texas IV member, Tim Reilly, carried just himself, all 282 pounds of him – wearing his leather vest and kilt; which when soaked with sweat, reportedly fell like another 282 pounds of weight. Of particular note is that Tim is also about twice the age of the average participant. He works out all year long to prepare himself for the event.

Each first responder participant carries a placard bearing the name of a police officer, firefighter, or EMT who lost their life in the World Trade Center that fateful day. Tim carried the name of Port Authority Police Officer – Kenneth Tietjen.

Kenneth was off duty when he heard of the attack on the WTC. He then commandeered a taxi and raced to the scene where he immediately entered one of the towers to assist with evacuation – *he never made it out.*

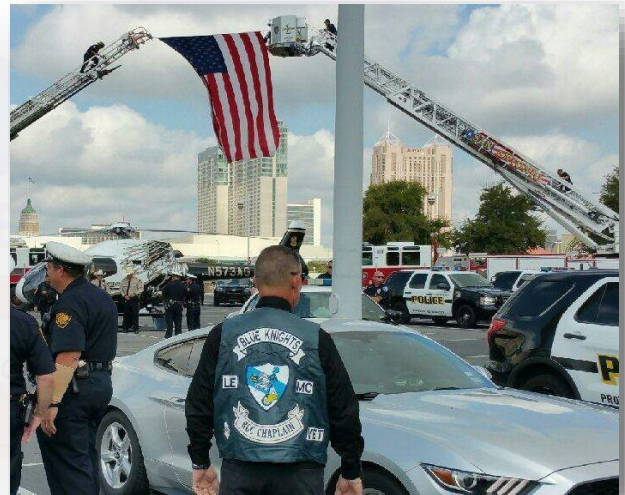

As the participants completed the climb and exited the tower, if they had a firefighter tag, they would approach the fire bell, call out the name on the placard/tag, and then place the name tag on the board next to the other 343 names. The sequence was similar for those with police placards/tags. The name was called out over a microphone, but were a miniature set of handcuffs (Tim's photo above) that were hung on a board next to the names of all 71 police officers who died that day.

Tim can be seen on the far left in the police officers photo... Tim has every right to be proud of his accomplishment, I know that we here at Texas IV certainly are.

TABC Officer Tim Reilly
San Antonio 110 Event

In San Antonio, Texas every 09/11 there is an event called San Antonio 110. The event is put on by the Bernie Grace Foundation, which is under the Direction of San Antonio Firefighter Dawn Solinski.

San Antonio 110

This 9/11 Memorial Climb is a very specific type of 9/11 Memorial; to pay tribute to the 110 floor climb that 343 Fallen Firefighter Brothers made on September 11th, 2001 in the World Trade Center. That is why we climb, in honor of their sacrifice, including 71 Law Enforcement Officers and 9 EMS personnel who also perished at ground zero.

We climb 130 floors in the Tower of The Americas in San Antonio since we do not have a 110 floor building. This event encompasses two climbs of the 65 floor Tower to complete the climbs for, and pay tribute to, our Brothers who perished that day.

On 09/11/2015, over 600 Firefighters, Police Officers, Paramedics and Military made the climbs. Among them was me, (retired) Texas State Police Officer Joseph P. (Tim) Reilly. I am a member of BKTIX-IV.

This year I climbed those 130 floors to honor the Fallen, while representing the BLUE KNIGHTS and honoring Port Authority Police Officer Kenneth Tietjen.

This is the 3rd time I've made the climb. At 64 years old with two total knee replacements; I still want to honor the sacrifices made by so many that day.

Tim Reilly
BKTIX-IV Member

Blue Knights TX-V

Texas V is alive... and doing well...

Texas V has been busy on the road again this summer, our recent trips have been to the Muscogee Oklahoma area, and out west to Terlingua.

We also had our first annual Barbeque, Meeting and Swim Party – with a rifle drawing for the AR-15 that we sold tickets for back in spring. Our winner was Mitch Hickman of Grand Prairie P.D. We had a great turnout and a good time was had by all.

We still have one more weekend ride on the calendar coming up on October 8th, going to Natchitoches, LA. This is one of our regular rides that everyone loves. We eat a lot of good Louisiana food, we go out on tours of the old plantations and have even done a little looking around for ghosts.

As always, everyone is invited, so if you need more information, please contact me and I will fill you in.

Come ride with us!

Larry "El Gee" Green
BKTX-V President

Blue Knights AR-VI

The Blue Knights AR-VI Chapter is conducting another raffle to benefit the Arkansas Dream Center's Christmas Mall.

The Arkansas Dream Center reaches out in communities across the State of Arkansas, serves their needs, and restores their dreams! Each year the Dream Center hosts the Christmas Mall to bless needy families by championing parents in our communities with Christmas gifts for their children... children who would otherwise not have a very Merry Christmas.

The Knights sell tickets at 1 for \$1, 6 for \$5 or 30 for \$20.

The winner of the raffle will have a choice of prizes:

1. Ruger 10/22 Rifle
2. \$300 Gift Certificate – Golden Outdoors (Hunting & Fishing equipment)
3. \$300 Gift Certificate – GG's Golden Girls Clothing

The prizes are selected to interest everyone in purchasing tickets. The Knights have raised about \$ 1,000.00 in profit so far.

BKAR-VI has also recently made donations to the Arkansas Special Olympics and the Houston 100 Club Memorial Fund in memory of Deputy Darren Goforth.

Ron Wildman
BKAR-VI President

Blue Knights TX-VII

On Saturday, September 19, 2015, members of Blue Knights Texas VI and VII, along with Harris County Sheriff's Deputies, Harris County Constables, State Troopers, escorted over one hundred motorcycles and riders on the Ten Annual Texas Honor Ride.

After assembly and signup at West Conroe Baptist Church in Conroe, the riders departed just after 10:00 am. They were then escorted for a 50 mile ride through the hilly country roads forty miles north of Houston, including the Lake Conroe area. After finishing the ride, the riders were treated to a barbeque and concert. Later that afternoon they participated in both live and silent auctions and vendor sales.

The Texas Honor Ride has two major rides each year, the Houston area ride in September and the November ride to Fort Sam Houston. Founded in 2005, The Texas Honor Ride has raised 1.3 million dollars for wounded troops and their families at Brooke Army Medical Center (BAMC) at Fort Sam Houston TX.

The donations support the Warrior and Family Support Center (WFSC) which provides coordinated services to patients, next-of-kin and extended family members. WFSC provides an open area for Warriors and their families to relax, watch movies, play video games, use computers or simply drink coffee with friends.

Blue Knights have supported each Honor Ride and will again support the ride to Fort Sam Houston in November.

In tribute of the club's involvement, the Texas Honor Ride's 10th Anniversary Challenge Coin has the symbol of the Blue Knights on one side.

10th Anniversary Challenge Coin

Mike Thiac
BKTx-VII Secretary

Blue Knights TX-XLVI

Blue Knights Chapter XLVI, Rowlett, sends a huge shout out to all our fellow brother and sisters.

Wow.... Is it really the end of September? I hope all of you have enjoyed your summer and spent a lot of time riding. Here is what we have been up to this summer.

On 4th of July weekend, seven bikes with eleven of us begin our journey to Eureka Springs, Arkansas. We went through rain, waited for the rain to stop and laughed A LOT. We did make our destination and had a wonderful time.

This was a great place to have lunch and then go out on the front porch to view what is called the "Arkansas Grand Canyon". This is the "Cliff House". The view was breath taking.

This is the Thorncrown Chapel, yes we went to church. It is a glass church in the woods. It is so peaceful here and wow what amazing craftsmanship.

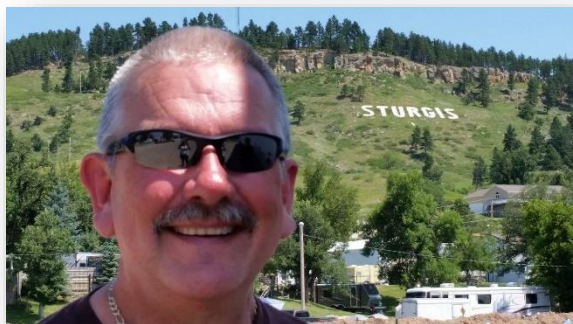

This was a really cool, old suspension bridge to ride over just outside of Eureka Springs. Did I mention Old Bridge?

Then on July 11th, with thirteen bikes and sixteen people, it was on to the Kaufman County Children's Emergency Shelter. Our Chapter donated a total of \$ 780.00 in cash and essentials to the shelter. This is what it's about!

That leads us into August, when we left with eight bikes and eleven people on July 30th to STURGIS. We had a blast and of course what happens in Sturgis, stays in Sturgis. This would also include parts of Cheyenne, WY, Ft. Collins, CO, Colorado Springs, CO, Wichita, Kansas, North Platte, NE and across Oklahoma.

Our very own Jim Grissom made the journey to the top of Pikes Peak on our way back home.

Then on August 15th, five bikes with seven people rode out to Maxim Honda in Allen where a check for \$100.00 was presented on behalf of the Vincent Liberatore Medical Fund, then on to Westminster for lunch at Big Slick's.

For the rest of the month there were several breakfast and lunch rides to Burgers and Fries Diner in Royce City and Bluebird Café in Wills Point.

That brings us up to the month of September where we rode some more to breakfast at Tiffany's on Lake Fork and to lunch at the Cotton Patch Café in Athens.

It has been a great summer and you can bet with this Chapter, the bond has only grown deeper. Now it's time to breathe in some crisp air and take in a ride to watch the leaves turn shades of brown, yellow, orange and red as it brings us into Fall.

Until next time, be safe, ride and be blessed!

Debbie Rule
BKTXXLVI Secretary

I can honestly say our President, had an awesome time and so did the rest of us.

We were all glad we were able to visit the Full Throttle Saloon since it has now burned to the ground.

Blue Knights TX-XXI

This has been a very busy and fun year so far. I don't see it slowing down anytime soon with the weather about to start cooling down. Cooler weather means more cookouts and camping trips.

Some of the places we have been:

Abilene to eat at Perini Steakhouse, TX-XXI Bike Training Day in Ovilla. Eureka Springs, Ark for a three day camp out, end of the summer swimming party and cook out.

We attended the Blue Lives Matter event in Waxahachie, which was very impressive to see all the people who showed up to show their support for Law Enforcement.

TX 21 met up with TX 17, in Kerrville, Texas to ride the Three Sisters in the Texas Hill Country. Not sure the total number of bikes and people we had on the ride, but it was quite a few. Both Chapters had so much fun we started making plans for a Big Bend ride in the spring of 2016, after we all get back from the TX-XXI Cruise in February 2016.

By the time this newsletter is published TX-XXI will be back from the Three Twisted Sisters ride in East Texas. There must be something we like about sisters.

Our Vice President, Bobby Gray, and our members have been busy recruiting new members, which keeps me busy making new member packets. Recruiting is easy and a lot of fun. It keeps the Chapter charged up with the new members, ideas and rides. Try it, I think you will find it easy to talk about something you like to do, riding and law enforcement.

There may still be time to get your room for the TX-XXI cruise on February 20, 2016. You will need to hurry if you want to go on this 7-day adventure.

This event will be on the Carnival Freedom, sailing from Galveston, Texas:

- Embark: Galveston Texas (Round-trip)
- Sail Date: Saturday February 20, 2016
- Returning: Saturday February 27, 2016
- Ports: Mahogany Bay, Belize and Cozumel, Mexico

Ride with Pride!

Kenneth Reeves
BKTX-XXI President

Blue Knights TX-XXXVIII

Hello all from TX-XXXVIII.

Members of TX 38 have been riding in some charity events this summer. Last week, several members rode in a charity event for a little girl with cancer.

On September 26th, several members will be riding in the annual "Bikers for Boobies" benefit ride.

There will also be a group going to the Lone Star Rally in December again. It is always a great time in Galveston thanks to TX-XXXI.

It's getting to be that time of year for some great riding weather so I hope to see some of you out there on the road.

Ride with Pride!

Pete Gabriel
TX-XXXVIII President

Texas Honor Ride Ride to San Antonio

Ceremony with Wounded Warriors

November 14, 2015
(rain or shine)

Register Early
\$25 - driver, \$10 - passenger

Registration increases on November 1
\$40 - driver, \$20 - passenger

Join the **TEXAS HONOR RIDE** on Saturday, November 14 as we head to San Antonio to deliver a big care package, in the form of generously donated dollars, that will provide healing support for our wounded U.S. Service men and women who are recovering at the Brooke Army Medical Center.
